Blue Bag Door to Door Service

To avoid risk to our employees and reduce community spread of COVID-19, only automated household garbage collection will take place in our community. No bags (garbage or recycling) will be collected by hand. Residents may choose to store their recyclables until it is safe to collect recyclables again; others may choose to place their recyclables in with their household waste. Either choice is okay. Please withhold placing any waste or recycle bags on the curb and ensure that your bagged household waste fits within your roll out garbage bin.
