Tricky fraudsters are at work in the area!

Zarowny Motors has recently shared an example of phone fraud. A caller phoned a customer claiming to be with STARS Lottery and said they had won a vehicle from the dealership. They wanted them to provide info for Revenue Canada to claim the prize. Thankfully the customer knew to check first before giving any information. When they did, the dealership stated they are not participating with a program as such. Hang up on questionable callers and do your research before sharing any information.

Reach out to us for any help with this, if needed. M-M-I F.C.S.S 780-763-3005
